Colors

Colors are formulated and manufactured using Colortrend Universal Colorants from BASF Coatings and Colorants. Color formulas of the 48 Elements colors are available through the Thoro tint manual, on both paper and floppy disk. Custom colors and color formulas are available upon request to Customer Service.

Colors above serve only as a visual guide for initial selection of color. It is important to note that the colors seen will vary depending on your monitor settings, as well as by the specific settings for your color printer, should you print the results of your search. See your BASF distributor for actual color samples.
