

PRODUCT SPECIFICATIONS

Low Voltage Landscape Lighting Pillar Light - PL102 RGBWW

Product Description

The PL102 Smart Bluetooth Controlled RGBWW Modern Pillar Light is constructed from a Antique Bronze powder coated aluminum fixture housing, Frosted Protective Glass, and a Replaceable Bluetooth RGBWW LED Module for superior longevity and durability. This fixture is great for adding a warm white or colorful glow to your outdoor living area. The PL102 is most commonly used in these applications; patio columns, driveway pillars, and property wall columns. The fixture comes with a 36" wire lead, an installation anchor kit, and 2 silicone filled wire connectors that are rated for direct burial and outdoor use. Light up your Outdoor Living Area with the PL102 Color Changing Pillar Lights.

Warranty

- Tru-Scapes Lighting Sockets have a Lifetime Warranty.
- Light fixtures of brass, copper or stainless steel, aluminum, including finishes are warranted for five (5) years.
- LED Bulbs are warranted for five (5) years or 30,000 hours, whichever comes first.
- Stainless Steel, Painted and Weatherproof (plastic housing) transformers, excluding timers and photo cells, are warranted for five (5) years for the original purchaser.
- Tru-Scapes warranties do not cover plants that die or burn because of continuous light shined on them. This is not a defect, but the inherent nature of such plants. Certain acid-loving plants such as arborvitae, pine trees, and others must not be exposed to light of any kind for more than 18 hours a day as these plants need time to sleep and allow photosynthesis to naturally occur.
- Low voltage landscape lighting fixture housings made of brass do naturally patina in color which is not a defect. (Please see www.Tru-Scapes.com for cleaning instructions.)
- See our full Warranty details at www.Tru-Scapes.com/faq.
